SPORTS

It's been said, time and again, "You must learn to crawl before you can walk!" One of the most recent additions to our athletic department is the softball team, which is led by player-coach Dan Doran. The team is presently participating in both the DeLand and Daytona Leagues. A 2 win, 4 loss record in DeLand, coupled with Tuesday night's 14-3 opening win at Daytona, shows clearly that the team has potential.

The pitching staff of Terry Holand and Bill Ford is considered to be one of the best in both leagues, and Coach Doran, Bob Weber, Larry Reeves, Warren Chevells, and Mike Cecile are batting well over 300. The team's fielding percentage is improving with each game, and so is each individual's performance.

School support for the team thus far has been very poor. Games are played on week nights at 7:00 p.m. and 8:45 p.m. The season is new, and when the final results are posted, rest assured you'll hear that the team not only learned to walk but "ran away!"

PLACEMENT OFFICE

Mr. J. Max Massey, owner of Massey Ranch Air Park, is interested in finding someone who wants to operate an air strip. This Air Park is located outside the city limits of Edgewater. The strip is publicly licensed and listed in the Jeppesen Manual. He is willing to help out with the financing. If interested, contact Judy in the Placement Office.

A & P Mechanics. Immediate openings for Executive Aviation in Atlanta, Georgia. See Placement Office.

June A & P Grads

Please contact Placement Office immediately.

AROUND THE CAMPUS

Embry-Riddle has received the government contract for the testing of the angle of attack indicator in a flight training program. Three of these units will be installed in E-R aircraft in time for the fall trimester.

The windtunnel building will be going up shortly. It will be located next to the student center and the airport parking lot.

The school policy still stands in regard to students having to live in the approved dormitories. Only those students who are married (and living with wives), who are living with relatives and are commuting to E-R, or who are living in school-approved fraternity houses, are exempt from this rule. If you have any questions pertaining to this rule, see the Dean of Students.

The reason that parking is prohibited across from the academic building is that the city of Daytona Beach is trying to discourage it. Parking there may qualify you for a ticket from the SGA! For approved parking areas check with the Student Handbook.

Embry-Riddle is presently considering the possibility of buying ten new complex aircraft. The possibilities run from the new Cherokee Aero (retractable gear and constant speed prop) to the Mooney and the Debonair. They should be here sometime this fall.

BAR-B-QUE

The S.G.A. Bar-B-Que was called off last weekend due to rain. It will be held this coming Saturday, June 10, 1967. If you haven't obtained your ticket as yet, get it soon. Same time, same place.

DORM NEWS

Some of the fellows at the Dorm have been using bath towels to clean their cars. Naturally, the towels get greasy and very dirty. The Linen Supply Company is very upset about this and has charged the Dorm an extra amount for cleaning and replacement of some of them.

Henceforth, anyone who brings a towel that is greasy and extremely dirty for exchange will be charged for it.

JOKES

THIS IS THE WAY IT HAPPENED IN THE ARMY.....

The new recruit didn't salute the colonel. "Do you realize who I am?" asked the officer. "I run this entire camp. I'm in charge of 25,000 soldiers."

"You got a good job," said the private, "don't louse it up."

AND THIS IS THE WAY THE STORY GOES AT EMBRY-RIDDLE.....

The new student didn't SALUTE the Colonel. "Do you realize who I am?" asked the Dean of Students. "I run this entire campus. I'm in charge of 500 students."

"You got a good job," said the E-R student, "don't blow your cool."

DRINK OF THE WEEK

The INFORMER has done whipped up another super intoxicating drink that is sure to blast you out of your pad!

1/3 Forbidden Fruit
1/3 Creme de Menthe
1/3 Dry Gin

Shake well with ice and strain into chilled cocktail glass.
